March 1, 2009

Freedoms Frontier National Heritage Area

This is a supporting letter from the Battle of Lexington State Historic Site. As a Civil War site in the state of Missouri it is particularly important to embrace this Heritage Area. In the past we have committed time, traveling to meetings, participating in discussions and presenting informational programs and less formal conversations with the public about the Heritage Area. In the future we plan to continue this support.

Sincerely

DIVISION OF STATE PARKS

Janae Fuller
